www.kimtech.se • Slöjdvägen 25, SE-177 59, Järfälla

Precision waterjet cutting, built on reliability.

About

Located in **Järfälla**, just **20 km northwest of Stockholm**, **Kimtech AB** designs and supplies **complete waterjet cutting systems** — both **pure** and **abrasive**. We take pride in combining solid engineering with dependable performance to help our customers cut accurately, efficiently, and with confidence.

Spare Parts & Equipment

We keep a **large stock** of spare parts for Kimtech waterjet machines, high-pressure pumps, and related equipment.

Our catalogue lists the most common components, but our warehouse includes **thousands more**.

If you don't see what you need — **just give us a call**.

Same-day shipping for orders received before **2 PM**

Typical European delivery time: within **48 hours**

Service & Support

We understand how important it is to keep your production running smoothly. That's why we maintain a **comprehensive service database** for each customer's machine — including software details, transmission data, and electrical drawings — so we can help you faster.

Our **experienced technicians** are ready to assist:

Free phone support to help solve issues right away

On-site service — a technician can usually be with you within **24 hours or less**

Our goal is simple: **to minimize downtime and keep your business moving**.

Our Promise

Whether you're running a single cutting table or managing large-scale production, Kimtech is here to support you.

We believe in **practical solutions**, **personal service**, and the kind of **precision and reliability** that builds lasting partnerships.

Kimtech Mixing Tubes

Kimtech supplies **premium industrial mixing tubes** for waterjet cutting machines, manufactured under the **Roctec®** brand.

Built for performance and consistency, each tube is engineered to deliver **exceptional cutting precision and long-lasting durability** — no matter your application or production scale.

Choose the level of performance that fits your needs:

•**Roctec® APX — Ultimate Performance**

Maximum wear resistance and longevity for the most demanding operations.

•**Roctec® 500 — Extreme Performance**

A robust balance of precision, reliability, and endurance.

•**Roctec® 100 — High Performance**

Proven quality and value for everyday waterjet cutting.

87KSI/6000bar

Engineered for extreme performance, **Kimtech's** 6000bar (87KSI) Integrated Diamond Mixing Chambers achieve unmatched jet precision at an even higher pressure, **maximizing cutting speed, power and durability.**

Applications

Kimtech Single Port 6000bar IDE Diamond comes as standard on the following machines;

- Kimtech 6000bar **Small Medium and Large** machines.
- Machines equipped with **Kimtech Tilter45, 5-axis** cutting head.
- Optional upgrade on **Kimtech Tilter14** taper angle control cutting head.
